

MyNorth Index Defensive

Monthly update for month ending
31 March 2024

Description

The Fund offers investors a passively managed and diversified exposure to a variety of asset classes including shares, property, fixed interest and cash. Investments are also spread across both in Australian and overseas markets. Growth assets for the MyNorth Index Defensive Fund (such as shares and property) will have an average allocation of 35% with the difference in defensive assets. Securities in the underlying asset classes will be managed to track the nominated index of that asset class.

Investment objective

The Fund aims to match the return (before fees, expenses and tax) of the indices of the underlying asset classes in which the Fund invests, in proportion to the Fund's strategic asset allocation (SAA) weights.

Target investor

This product is likely to be appropriate for a consumer seeking some capital growth and regular income while preserving capital, to be used as either a satellite, core or standalone holding within a portfolio where the consumer has a medium to long investment timeframe and a medium risk/return profile. The fund provides daily access to capital.

Why MyNorth Index?

1. Low-cost diversified index funds.
2. Greater levels of diversification through exposures such as emerging market equities, property and infrastructure.
3. Highly liquid underlying investments.
4. Dedicated and experienced multi-asset investment team.
