Summit / North Select investment options	2
Investor Select investment options	3
Standard risk measure	17
Important information	18

This document outlines the investment options available through the Summit Personal Super and Pension product disclosure document (PDS) and Summit Money Master investor directed portfolio service (IDPS) guide.

Summit offers a range of investment options featuring:

- over 310 managed funds
- listed securities on the Australian Securities Exchange (ASX)
- exchange traded funds (ETFs), exchange traded commodities (ETCs) and exchange traded bonds (ETBs)
- listed investment companies (LICs) and listed investment trusts (LITs)
- Australian real estate investment trusts (AREITs), and
- term deposits.

From time to time, we'll add or remove investment options. We recommend you consult your financial adviser before selecting the specific investment options for your investment strategy.

The underlying fees and costs for each investment option disclosed in this document have either been sourced from an external research provider or directly from the relevant fund manager and have not been independently verified by the Trustee or the administrator.

Management costs are the ongoing fees and expenses of investing in an investment option and include management fees, expense recoveries, performance fees (if applicable) and indirect costs.

As well as management costs, transactional and operational costs will generally be incurred when dealing with the underlying assets of an investment option. They include brokerage, clearing costs, stamp duty, the buy and sell spreads of any underlying funds and certain costs associated with holding derivatives or direct investments in real property. The net transactional and operational costs shown are after any amounts recovered by the charging of a buy/sell spread.

In addition, some investment options that have underlying investments that use credit facilities to gain increased asset exposures will also incur borrowing costs. Borrowing costs include interest, government charges and debt advisory costs. Where borrowing costs are disclosed by the fund manager, these are detailed in this document. Before selecting an investment option, you should refer to the latest costs set out in that investment option's current product disclosure statement.

For more information on fees and costs please refer to the Summit Personal Super and Personal Pension Product Disclosure Statement (PDS) or the Summit Money Master Investor Directed Portfolio Service Guide (IDPS).

All investment instructions must be submitted electronically through North[®] Online at northonline.com.au/summit.

- (i) For information on the Standard Risk Measure, refer to the 'Standard Risk Measure' section further in this document.
- (ii) Some fund managers may rebate a portion of the Management Costs. Any rebate received will be paid into your cash account. Please note rebate amounts are subject to change.
- (iii) This investment option will distribute income monthly in cash. The investment option may also pay any realised capital gains and any other distributable.
- (iv) This investment option is closed to new investors. Existing investors that hold the fund can continue to purchase additional units.
- (v) Please refer to the Macquarie True Index PDS to obtain details of the potential fee incurred by investing in this investment option.
- (vi) This asset is defined as an illiquid investment under superannuation law. This means it is unlikely that it can be redeemed and proceeds returned to the member/investor within 30 days and may take up to 120 days. For an explanation of illiquid investments please refer to **Liquidity risk** in the **Summit Super and Pension PDS** or the **Summit Money Master IDPS Guide**.
- (vii) Not available to super or pension members.
- (viii) The management fee for this managed fund is charged on the gross assets of the fund including any borrowings. The management cost shown includes an estimate of the management fee based on the net assets of the fund.
- (ix) This fund has restrictions on the timing and the amount that can be redeemed when a withdrawal request is made. Please refer the underlying fund product disclosure statement for further details.
- (x) This investment option will be available from 12 October 2018.
- (xi) This investment option has an early withdrawal fee. Refer to the investment option's underlying PDS, available from North Online, for further information.
- + This cost was not available or provided by the investment manager as at the date of this document being published. You should refer to the underlying product disclosure statement for the managed fund for full details about fees and costs.

Managed funds – In specie only transfers

In specie transfers allow you to transfer managed funds held outside of Summit into your Summit account. The transfer of managed funds into Summit is subject to agreement by the previous fund. You're permitted to transfer any existing holding of these managed funds, but you're not entitled to purchase additional units. For more information on in specie transfers, please contact your financial adviser.

- (i) For information on the Standard Risk Measure, refer to the Standard Risk Measure' section further in this document.
- (ii) Some fund managers may rebate a portion of the Management Costs. Any rebate received will be paid into your cash account. Please note rebate amounts are subject to change.
- (iii) This asset is defined as an illiquid investment under superannuation law. This means it is unlikely that it can be redeemed and proceeds returned to the member/investor within 30 days and may take up to 120 days. For an explanation of illiquid investments please refer to **Liquidity risk** in the **Summit Super and Pension PDS** or the **Summit Money Master IDPS Guide**.
- (iv) This investment option will distribute income monthly in cash. The investment option may also pay any realised capital gains and any other distributable.
- (v) Not available to super or pension members.
- (vi) This investment option will be available from 12 October 2018.
- + This cost was not available or provided by the investment manager as at the date of this document being published. You should refer to the underlying product disclosure statement for the managed fund for full details about fees and costs.

Managed Portfolios

The following managed portfolios are offered as part of the MyNorth Managed Portfolio product which is available to Summit Personal Super, Summit Personal Pension and Summit Money Master investors.

For further details, please refer to the MyNorth Managed Portfolio Product Disclosure Statement which can be found at northonline.com.au/managedportfolios.

APIR code	Fund name	Management Costs (%)	Management Costs less estimated Performance Fees (%)	Transactional and Operational Costs (%)	Borrowing Costs (%)	Buy/Sell Spread (%)	Risk band (i)

(i) For information on the Standard Risk Measure, refer to the 'Standard Risk Measure' section further in this document.

Listed securities

You are able to invest in securities listed on the ASX. Selected listed investment companies and listed property trusts are available for investment.

If you are an Investor of the Investor Directed Portfolio Service (IDPS) you can invest in any direct equity or unit trusts listed on the ASX with the exception of unlisted managed funds (mFunds).

For superannuation and pension members, you will have access to the following listed securities:

- shares currently listed in the S&P/ASX300 index
- selected LICs, LITs as listed on page 16 and A-REITs listed on the ASX all ordinaries index.
- all hybrids (ie convertible notes and preference shares), where the issuer is listed in the S&P/ASX300 index
- ETFs and ETCs listed on pages 14 to 15.
- fixed interest securities (ie corporate bonds and floating rate notes) listed on page 16.
- certain sub-classes of shares, initial public offerings (IPOs), share purchase plans (SPPs) and other securities that satisfy the Trustee's approval criteria.

Securities listed in the S&P/ASX300 are subject to change, impacting the ability to invest in securities that no longer fall in the S&P/ASX300.

The trustee may periodically add or remove listed securities available to superannuation and pension members without warning. We recommend you obtain the latest version of this document prior to making an investment decision.

When purchasing listed securities, additional costs will be incurred. These costs, which include brokerage fees, will be directly debited from your account. If using a third party broker, the cost per transaction varies between brokers and is subject to change.

Please refer to the Summit Personal Super and Pension product disclosure document (PDS) and Summit Money Master investor directed portfolio service (IDPS) guide for further details.

ETFs and ETCs

The following ETFs and ETCs are available to superannuation and pension members on Summit. You will be able to invest in other ETFs and ETCs that meet the Trustee's eligibility criteria, as notified by us to you.

Term deposits

You are able to invest in term deposits with a range of providers as listed below:

Provider
AMP
ANZ
Adelaide Bank
Westpac

Please refer to northonline.com.au/summit for the current list of terms and rates. There are no underlying fees and costs for Term deposits.

Standard risk measure

The Standard Risk Measure is based on industry guidance to allow investors to compare investment options that are expected to deliver a similar number of negative annual returns over any 20-year period. Negative annual returns may not occur in consecutive years.

Risk band	Risk label	Estimated number of negative annual returns over any 20 year period
1	Very low	Less than 0.5
2	Low	0.5 to less than 1
3	Low to medium	1 to less than 2
4	Medium	2 to less than 3
5	Medium to high	3 to less than 4
6	High	4 to less than 6
7	Very high	6 or greater

The Standard Risk Measure is not a complete assessment of all forms of investment risk. For instance, it does not detail what the size of a negative return could be or the potential for a positive return to be less than an investor may require to meet their objectives. Further, it does not take into account the impact of administration fees and tax on the likelihood of a negative return.

Members should still ensure they are comfortable with the risks and potential losses associated with their chosen investment option(s). Refer to page 18 of the PDS and section 4 of the Additional information booklet for further details about the risks of investing through Summit Personal Super and Personal Pension.

Important information

This is the Investment Options document for the Summit Personal Super and Personal Pension offered via the Wealth Personal Superannuation and Pension Fund ABN 92 381 911 598.

This document also forms the Investment Options document for the Investor Directed Portfolio Service (IDPS) known as Summit Money Master.

This document is jointly issued by N.M. Superannuation Proprietary Limited (NM Super) ABN 31 008 428 322, AFS Licence No. 234654, and NMMT Limited (NMMT) ABN 42 058 835 573, AFS Licence No. 234653.

This publication has been prepared to provide general information only and does not take into account the financial objectives, situation or needs of any particular person. It is not intended to take the place of professional advice and you should not take action on specific issues in reliance on this information.

Before making an investment decision, you need to consider (with or without the assistance of an adviser) whether this information is appropriate to your needs, objectives and circumstances.

Past performance is not necessarily indicative of future performance. Please refer to the underlying fund manager's PDS for further information relating to the underlying investment options.

Applications for investment in Summit products will only be accepted via northonline.com.au/summit. Copies of the PDS and IDPS Guides are available on northonline.com.au/summit or by contacting the North Service Centre on 1800 667 841.

NMMT Limited, N.M. Superannuation Proprietary Limited and their associates derive income from issuing interests in the product, full details of which are contained in the PDS and IDPS Guides. Unless specifically stated, the repayment of capital or performance of our products are not guaranteed.

This information is provided for persons in Australia only and is not provided for the use of any person who is in any other country.

A fund manager may close an investment option or we may remove an investment option from the Summit Investment Options.

Where this occurs, we will provide you with 30 days prior notice to give you the opportunity to select an alternate investment option available from the Summit Investment Options document. Where we cannot provide you with 30 days prior notice (due to circumstances outside of our control), we will provide you with notice as soon as practicable for you to change your investment instructions. Where we have not received

alternative investment instructions from you we will transfer any proceeds from that investment option into your Summit Cash account.

If the investment option being removed forms part of your investment profile we will notify you to obtain alternative instructions. Events that may cause the removal of an investment option include but are not limited to an:

- investment manager closing the investment option
- investment option closing to new business.

Identifying investments

The APIR codes used in this document identify the underlying investments which Summit will purchase on your instruction. The APIR code can assist you in obtaining the PDS for the underlying investment and comparing with other investment menus. Please refer to the underlying fund manager's PDS for further information relating to the underlying investment options.

Underlying managed investment options

PDSs for underlying managed investment options do not constitute an offer or invitation to subscribe to or buy any of the securities offered by the managers of investment options that have been included from time to time as investments made available by Summit to members, IDPS investors and potential members of a plan. In addition, the fund managers of those investment options have not authorised or caused the issue of this document. The fund managers of those investment options, their respective officers, holding companies and trustees do not guarantee the capital invested or the performance of the plans generally.

Neither the performance nor payment of any particular return from, nor any increase in the value of the assets acquired using the investments listed in this Investment Option is guaranteed in any way.

Changes to the underlying managed investment options

After you become an investor, each time you make additional contributions to a managed investment option you may not have the most recent underlying fund manager PDS or have been notified about material changes or significant events relating to the investment options you have selected. You can access the most up-to-date PDS for the managed investment options you have selected by accessing North Online at northonline.com.au/summit. Please contact the North Service Centre on 1800 667 841 or at north@amp.com.au.

Fund managers of the managed investment options may notify us from time to time of material changes or significant events that affect an investment option you have selected. We will notify you of these changes as soon as practical through North Online. We will not be responsible for any delays in notifying you of these changes or events where the delay has been caused by a fund manager. If you wish, you may select a different investment option after you have read the up-to-date information; however, regular fees and charges may apply. If you do not notify us that you wish to select a different investment option contributions will continue to be invested in the existing investment option.

Management costs

The Management costs presented in this document are estimates only and include expense recoveries and indirect costs (performance fees where applicable and other indirect costs). Before selecting an investment option, you should refer to the latest management costs set out in the relevant product disclosure statement for the particular fund.

Fund manager payments

NMMT may receive payments of up to 0.55% from fund managers for amounts invested in particular investment options made available in this document (fund manager

payments). The fund manager payment received is based on amounts invested with the fund manager and the management costs of these investments.

These payments, and the method of calculation, may change from time to time and are not an additional cost to you.

Buy/sell spread

The buy/sell spread information provided in the Investment Options document is indicative only and may not reflect the most current buy/sell margin costs that may be incurred.
